親愛的日產客戶，

我們誠摯地感謝您選擇了日產汽車。

我們相信您的全新日產汽車將帶給您完美的駕駛樂趣和最大的滿足感。

日產的目標是令您完全滿足於整個駕駛的經驗。

為了達到這個目標，

我們承諾為您提供真誠和完善的支援，

並不斷努力為提供更有吸引力的服務以滿足您的需要。

這本手冊說明了您的汽車的維護保養信息。

我們確信這汽車能滿足您的所有期望，

並希望您能善用這本手冊。

日產汽車公司

此手冊之內容及如何使用本手冊？

此手冊可幫助閣下充分利用您的日產汽車。它說明了日產汽車的保用條款，以及維持車輛在最佳性能及狀態所需的維護保養。

保用部份列出了所有的保用條款，以及詳細解釋根據保用政策厘定各種保用及非保用之範圍。

維護保養部份詳細解釋了所有維護保養的信息，包括維護保養的重要性、維護保養的種類及您的日產車輛維護保養記錄表。

每當日產經銷商對您的日產車輛進行維修時，他們需要檢查維護保養記錄及查閱相關的保用條款，從而為您提供最適當的維護保養及保用服務。 故此提醒閣下保用服務只適用於您的日產汽車並已根據本手冊列出的要求進行定期維護保養（請參照維護保養部份）。

我們鼓勵閣下將此手冊保存於車輛中，並希望假若閣下轉售您的車輛時，將此手冊轉交下一任車主。

日產新車保用簡介

保用範圍

於保用期內，日產之指定汽車服務中心一大昌貿易行(汽車服務中心)有限公司(“大昌行汽車服務中心”)將負責免費維修或更換證明因原廠品質缺陷或原廠安裝不妥善而導致損毀之零件；或車主可前往第三方車房自費並根據本保用及維修手冊要求進行維修保養。下列「非保用項目」均不在保用範圍內。

新車保用期

日產汽車之保用期為36個月或100,000公里。個別車輛或享有第37至72個月之延長保用，詳情可參閱相關之汽車銷售文件。第37至72個月保用期之保用項目請參閱下述第37至72個月延長保用範圍，而此延長保用是由合誠汽車有限公司負責。

* 以先到達者為終止期，並以售賣合約之條款為準。

日產新車保用適用於所有日產新車內之原廠零件及配件，而輪呔及下列「非保用項目」均不在保用範圍內。

冷氣系統、電池、防盜及全球定位系統(如適用)之保用期有別於上述所示，有關各項之使用細則，可參閱「車主須知」。

第37至72個月延長保用範圍 (如適用)

- (A) 引擎—引擎中缸及盤頭 (因引擎內部零件導致損壞)，並包括以下引擎零件：曲軸、大杯士、活塞連桿及細杯士、正時帶或鏈、氣門搖臂、活塞、活塞環及梢、油泵、水泵、水箱、士撻、發電機及含氧感知器。
- (B) 波箱(手波及自動波)—波箱殼從內部零件導致損壞，如：液力變扭器、摩擦碟(自動波)、飛輪、但不包括手動變速箱(手波)之極力子總泵，極力子碟、極力子啤令與及外部連接。
- (C) 傳動轉換器 (Transfer case)—從內部零件導致損壞。
- (D) 尾牙(後輪驅動或四輪驅動)—尾牙殼 (前及後) 從內部零件導致損壞。
- (E) 燃油噴注—壓力調整器、燃油噴注油管、燃油泵。
- (F) 渦輪增壓器

非保用項目

- (A) 因車輛損壞而導致損失，如：不能使用、拖車、現場救車、時間、利潤、便利、起居及/或飲食、或其引致之其他損失。
- (B) 例行之車輛保養，如診斷、調較、戥呔及較正頭輪角度、調較引擎、調較大燈、燈影角度、更換燈泡 (HID及LED燈除外)、車頭皮帶、極力子碟、迫力碟及鼓、制動片、過濾器、水潑、塵凹、膠喉、潤滑油、冷卻液及雪種 (12個月後添加雪種不獲保用)。
- (C) 由於並無執行此手冊在「維護保養信息」所建議之適當定期保養及週期而導致之一切損失。
- (D) 使用不潔或不適合的潤滑油或冷卻液，包括因損壞的水喉或水箱而導致潤滑油及冷卻液不潔。
- (E) 正常損耗之零件，如車呔、制動片。
- (F) 車身油漆及腐蝕 (車齡由第四至第六年)。
- (G) 所有因零件老化而產生之震動及響聲。
- (H) 於非在日產認可服務中心進行任何維修、調整或保養而導致該零件或設備部分之損壞。
- (I) 所有因不當使用、超越使用極限，或因不當停放及運送車輛而導致之任何損壞及損失。
- (J) 任何損失是由於疏忽、盜竊、意外和災害，如：碰撞、翻倒、火災、結冰、天災、道路危險、環境損害、飛彈、玻璃破損、爆炸、地震、風暴、光線、故意破壞、暴動、水災、水淹、雹、偷盜、煙或不潔污染。
- (K) 任何損壞由於選用非日產原廠零件或日產原廠建議之補給潤滑油。
- (L) 如車輛之里數錶讀數曾被更改、或者不能運作亦未立刻修理，以致不能確定已行駛的真實里數。
- (M) 任何車輛曾參加賽車、越野賽或競賽、或曾已裝上競賽裝備、或非標準車輪和車呔。
- (N) 任何車輛被作為商業用途、如租車、教學車或在香港以外的區域持續長期使用。
- (O) 因沒有完成生產商已宣布因產品問題進行回收運動而導致任何之車輛故障。
- (P) 任何零件是非原廠安裝如：影音系統、防盜系統等。
- (Q) 任何由政府立法要求強制修改、安裝或拆除的零件。
- (R) 任何因時間或環境因素而引致之自然老化、損耗如：油漆面自然褪色、油漆脫落、或其表面退化。
- (S) 所有損壞沒有在30天內通知日產汽車。
- (T) 若日產汽車未能確認由你、或維修儀器上所提供的資料的準確性、發現有資料不實、不能提供正確或一些未能証實的資料給日產汽車。
- (U) 因輪胎被刺穿所涉及的所有零件及人工之維修費用。

- (V) 車輛因故障要求在日產之指定汽車服務中心 — “大昌行汽車服務中心” 進行維修，而沒有紀錄顯示過去12個月內曾於“大昌行汽車服務中心” 進行維修保養，須先進行車輛診斷檢查，費用\$1600由車主承擔。檢查後若證實車輛故障因原廠材料缺陷或原廠安裝不妥善而引起，及車主選擇將有關之故障維修交由“大昌行汽車服務中心”處理，相關車輛診斷檢查費用將退還車主。

為避免疑義，車主根據本保用及維修手冊及定期保養週期於第三方服務提供商進行維修和保養服務，不會使本保用條款失效，且此類服務不會導致保用索賠被拒絕（須遵守此保用手冊的詳細條款）。

車主的責任

- (A) 車主應依照「保用及維護手冊」，即本手冊之指示，正確地使用、維修及保養車輛。
- (B) 於標準保養週期內*進行保養汽車服務。
- (C) 於新車檢收時，車主應小心檢查汽車設備、車身漆油及其他裝置，如有不妥善，應即時與合誠汽車有限公司聯絡。
- (D) 車主應保留保養服務紀錄以作日後查閱之用。
- (E) 如不定期在日產認可服務中心作保養會減低車輛性能及有機會造成故障，而且保用服務將有可能受到影響。
- (F) 當閣下前往日產認可服務中心時，請攜帶本手冊以作更新維修保養記錄之用。

*註：定期保養及修理：每5,000km或6個月，以達者為先。

合誠汽車有限公司的責任

- (A) 在保用期內提供保用維修，以及所需之零件及/或人工費用均完全免費 (電池除外，車主須付之費用可參閱「車主須知」)。所須更換之零件將會使用正廠全新零件或日產認可服務中心選定之零件。車主應給予合理的時間，以便完成所需之維修服務。
- (B) 合誠汽車有限公司提供首次免費新車檢驗服務(物料費不包括在內)，車主需要在首2,000km或交車後2個月內將新車送交大昌行汽車服務中心進行新車檢驗。

輪呔保用

- (A) 日產新車原廠安裝之輪呔，均由輪呔製造商保用。
- (B) 除日產另行指定外，車主必須向輪呔代理商出示不能修補之原廠輪呔以獲得保用服務。
- (C) 如有須要，大昌行汽車服務中心會協助車主向輪呔代理商要求所需之輪呔調校服務。

車主須知

冷氣(雪種)

所有日產原廠裝置的冷氣系統均可享有36個月或100,000km的保用，以先到達者為終止期。除因保用維修所需，日產原廠裝置的冷氣系統，只限在12個月內（不限里數）享有雪種補充服務。

調較

所有經診斷須要調較（不需更換零件）的保用維修，只限在首12個月內（不限里數）享有保用調較服務。

電池

電池保用期為36個月或100,000km，以先到達者為終止期。

保用期內，日產負責之費用* 將按比例扣除如下：

保用期	日產負責之費用比例	
	零件	人工
首12個月	100%	100%
第13個月至第24個月	50%	100%
第25個月至第36個月	25%	100%

*費用以大昌行汽車服務中心釐定之零售價計算，其餘收費需由車主負責。

衛星定位系統（如適用）

衛星定位系統之部件及操作組件保用期為12個月（不限里數）。

新車檢驗服務

每一輛日產新車運抵香港後，大昌行汽車服務中心均已依照廠方釐定的規格進行新車檢查、操作測試及清潔程序，確保每一輛日產新車交交車主時均能帶給顧客最高的滿足感。

定期保養服務

車主應小心愛護車輛及根據保用及維修手冊及其所列之週期為車輛提供適當的定期保養服務，以確保駕駛安全及減少不必要的維修。車主亦應視乎天氣、環境、路面情況及用車習慣的需要而增加車輛保養服務。缺乏定期保養或維修而引起的損耗將不包括在保用之內。

售後服務

大昌行汽車服務中心擁有符合日產廠方規格的工場設備及診斷儀器，定時接收廠方最新的技術信息，維修團隊均按日產指引接受訓練，而使用的物料及機油規格與保養時間表均依據廠方建議以符合本地的天氣及交通情況，再配合穩定的原廠零件供應，讓您可以安心享用原廠汽車售後服務。

為使您的日產汽車時刻處於最佳狀態及發揮極致性能，並保障您的行車安全，亦避免第三方可能不合規格的保養和維修引致的風險，因此強烈建議您於大昌行汽車服務中心進行首次免費檢驗、定期保養及保用服務，以享有無憂的駕駛生活。

設計改動

日產保留所有權利於任何時間對日產車輛作任何設計或規格上之改動，而無需對已售出之車輛作同樣改動。

汽車遷移

閣下所選購之日產汽車均由廠方特別因應汽車銷售地之條例及環境因素而製造，若閣下需將汽車遷移往別地，汽車原有之設計可能不附合當地條例及環境因素之要求，當地之代理商亦可能因缺乏零件而未能進行所需之維修。若將車輛遷移，其原有之保用服務將不再有效。

備註：合誠汽車有限公司保留更改上述各項條例之最後權利，如有更改，恕不另行通知。

本簡介之中、英文版本如有差別，一概以英文版本為準。

此小冊子為閣下簡介日產新車之保用細則，有關保用服務之詳情，閣下應向大昌行汽車服務中心查詢。

維護保養信息

MAINTENANCE
INFORMATION

甚麼是維護保養？

維護保養的必要性

您的日產車輛應用了最新技術，並以最嚴格的質量控制標準進行生產。其設計將維護保養需求降低至最小程度，使您節省大量時間和費用。

不過，定期維護保養對確保您的日產汽車的正常及有效運作是非常重要的，原因如下：

潤滑劑

您的日產汽車使用了各種油和液體，包括發動機機油、變速器油、差速器油、電瓶液及發動機冷卻液。這些油和液體對車輛的正常運作發揮了很重要的作用，例如潤滑、冷卻傳動組件及防銹等。故此它們需要定期加注或更換。

橡膠零件

軟管、皮帶和套管是橡膠零件，過度磨損後會變得容易斷裂。故此磨損後需要更換新的。

正常損耗

車輛上有許多零件是無法避免正常磨損和損耗的。這些零件包括：輪胎、制動片、離合器片等。它們對於基本車輛功能來說是必須的，所以需要定期更換。

本手冊中所有的信息、規格和插圖在印刷的時間內有效，日產汽車有限公司保留在任何時候不事先通知的情況下更改規格或設計的權力。

若不進行定期維護保養，可能導致車輛性能下降或故障。

維護保養時間表的制定，是根據我們對於需要定期更換的零件或油性/液體類的使用壽命所進行的試驗所得出的。因此，請確保您的日產汽車按照本手冊的說明，進行適當的維護保養。同時，如“車主手冊”中的“一般保養/日常檢查”環節中所述，閣下應當每日進行日常的車輛運作檢查。

我們感謝您理解這些說明的重要性，並期望為您的車輛進行維護保養服務。

定期維護保養

維護保養時間表可大致分為兩類。

我們的銷售人員或維修接待員會向您說明，根據您的駕駛習慣、地區的氣候條件等，您應當採用那種維護保養時間表。以下是這兩種時間表及其條件：

■ 嚴峻駕駛情況下之維護保養時間表

如果您主要在以下一種或多種條件下駕駛車輛，請遵循“嚴峻駕駛情況”保養時間表。

- A: 多塵狀況下行駛
- B: 反復短距離行駛
- C: 拉有拖車或篷車
- D: 長時間怠速運轉
- E: 在極其惡劣的氣候條件下，或在外界溫度極低或極高的地區行駛
- F: 在濕度很高的地區或多山地區行駛
- G: 在使用了鹽或其它腐蝕性材料的地区行駛
- H: 在崎嶇和 / 或泥濘道路上或沙漠中行駛
- I: 行駛在頻繁使用制動或在多山地區行駛
- J: 頻繁在水中行駛

■ 正常條件下之維護保養時間表

如果您主要在非以上列出的條件下操作車輛，請參照“正常情況”下之維護保養時間表。

不定期維護保養

除了定期進行上述維護保養項目外，另外還有一些無需定期保養但亦可正常運作之項目。不過，如果這些項目出現故障，可能會嚴重影響發動機、渦輪增壓器或車輛的性能。假若閣下觀察到或懷疑有故障症狀，應當對這些項目進行檢查或調整。

■ 進氣門和排氣門間隙調節

- ✓ 除TB45E、TB45S、SR和VG型發動機外的汽油發動機：對於三元催化車型，無需定期維護保養。不過，如果氣門噪音增大，請檢查氣門間隙。
- ✓ YD和ZD型柴油發動機：如果氣門噪音增大，請檢查氣門間隙。
- ✓ 裝在SR、VG和NA20P型之發動機上的液壓間隙調節器（HLA）進氣門和排氣門間隙是無需保養的。

■ 柴油發動機噴嘴檢查

- ✓ 除YD和ZD型外之柴油發動機：如果發動機動力減小、有黑煙排出，或發動機噪音增大，請檢查噴嘴，或有必要時調整噴嘴啟動壓力和噴霧形狀。
- ✓ YD和ZD型發動機：如果發動機動力減小、有黑煙排出，或發動機噪音增大，請檢查噴嘴，或有必要時更換噴嘴總成。

定期維護保養記錄

定期維護保養記錄是用於記錄及提醒您的日產汽車需要進行何種維護保養檢查及何時進行檢查。

該記錄也用來記錄您車輛定期維護保養車歷。在車輛使用多年後，該記錄將幫助日產經銷商追蹤您車輛狀況和性能。另外，定期維護保養車歷將確保您能以高價轉售您的車輛。

如何閱讀和使用維護保養記錄

您可以找到每個時段所適用的定期維護保養項目的清單。

記錄冊上方的公里數或月數提醒您您在一定公里數或月數後（以先達到為準）需要維護保養車輛。

如果您使用正常維護保養時間表，您應當遵循記錄冊“正常情況”一欄中列出的項目，以保養閣下之車輛。

反之，如果您使用嚴峻駕駛情況保養時間表，您應當遵循記錄冊“嚴峻駕駛情況”一欄中列出的項目。“嚴峻駕駛情況”欄中“A”到“J”的項目可參閱列印於M-3頁“定期維護保養”之內容。

每當您的車輛在大昌行汽車服務中心維護保養時，維修接待員將記錄下日期、公里數，並簽署記錄作為已進行定期維護保養的證明。

如果需要定期維護保養外的額外維修，其額外之維修記錄將存檔於大昌行汽車服務中心之電腦系統內。

10,000km / 6個月

定期維護保養		正常情況	嚴峻駕駛情況

維護保養服務

大昌行汽車服務中心樂意為您的維修保養需求提供以下高品質服務：

- ✓ 經日產廠方培訓的技術團隊
- ✓ 廠方最新技術信息
- ✓ 符合廠方要求的先進廠方及診斷儀器
- ✓ 穩定原廠零件供應
- ✓ 使用的機油規格和保養時間表均依據廠方建議以符合本地的天氣及交通情況

我們的每位日產技術人員都是訓練有素的專家，他們不斷通過日產提供的技術通報、維修提示和教育課程獲得最新的維修信息。他們絕對有資格為你的日產汽車進行維護保養及其他服務。

日產純正零件或認可的液體為日產車輛特別設計，能適應車輛在各種地區的駕駛條件。因此，使用不正確的液體或零件可能降低車輛性能，並可能導致嚴重事故。為了確保您的日產汽車處於最佳狀況，我們鄭重推薦閣下使用日產純正零件和認可的液體。

閣下可以放心，大昌行汽車服務中心將盡全力以可靠和經濟的方式滿足您的汽車的維護保養和維修需求。

註解及嚴峻駕駛條件：見M-32頁

注意：保養項目

- (1) 如果發現傳動皮帶損壞或自動皮帶張緊器讀數達到最大限度，請更換傳動皮帶。
(在配有自動皮帶張緊器情況下)
- (2) 僅在駛往受排放法規影響地區的車型上要查驗空燃比。
- (3) 用於日本國內規格的VQ渦輪發動機。
- (4) 除帶催化裝置的轎車以外。
- (5) 使用Eco濾清器或同類濾清器。
- (6) 為避免由於使用非純正發動機冷卻液而造成發動機冷卻系統內的鋁腐蝕，請使用日產純正發動機冷卻液，或質量相同的冷卻液。
- (7) 燃油濾清器分別位於LPG線圈組1和LPG線圈組2。
- (8) 除澳大利亞車型以外。
- (9) 傳動軸在浸水以後要重新塗油脂。
- (10) 使用日產純正Hyper-CVT液（NS-1）或完全相當的品牌。
- (11) 用於南亞的U14車型。
- (12) 只能使用日產純正Xtronic-CVT液（NS-2）
- (13) 有關正確液體的詳細信息，請參見用戶手冊。

嚴峻駕駛條件狀態

以上各頁中所示的維護保養間隔適用於正常操作條件。

如果車輛主要在以下不良行駛條件下操作，則必須更頻繁的對車輛進行表中所示各項目的保養。

- (A) 多塵狀況下行駛
- (B) 反復短距離行駛
- (C) 拉有拖車或蓬車
- (D) 長時間急速運轉

- (E) 在極其惡劣的氣候條件下，或在外界溫度極低或極高的地區行駛
- (F) 在濕度很高的地區或多山地區行駛
- (G) 在使用了鹽或其它腐蝕性材料的地區行駛
- (H) 在崎嶇和/或泥濘道路上或沙漠中行駛
- (I) 行駛在頻繁使用制動或在多山地區行駛
- (J) 頻繁在水中行駛

越野行駛保養

每當在越野行駛，經過與車輪輪轂一樣深的砂石路、泥潭或水路，則需要更頻繁地對車輛進行以下各項的保養：（商務車）

每當在野外行駛，經過砂石路、泥潭或水路，則需要更頻繁地對車輛進行以下各項的保養：（轎車）

- ▲ 制動片和制動盤
- ▲ 制動摩擦襯片和制動鼓
- ▲ 制動管路和軟管
- ▲ 車輪軸承潤滑脂
- ▲ 自由輪殼潤滑脂
- ▲ 分動器油和差速器油
- ▲ 所有形式的4WD分動器液和自動變速器液
- ▲ 轉向杆系
- ▲ 傳動軸和前驅動軸
- ▲ 空氣濾清器
- ▲ 離合器殼（檢查有無進水）

 Maintenance Services
 Maintenance Schedule

Dear Nissan owners,

We sincerely thank you for choosing a Nissan vehicle.

We believe that your new Nissan will bring you complete driving enjoyment and total satisfaction.

Our goal here at Nissan is to provide you with the maximum satisfaction through a total car experience.

To achieve this goal, we promise to provide you with sincere and thorough support,
as well as continue to make an effort to provide more attractive services to satisfy your needs.

This booklet explains the warranty and maintenance information for your vehicle.

We are sure that this vehicle will meet all of your expectations,
and we hope that you will make the best use of this booklet.

Nissan Motor Co., Ltd.

What is this booklet and how to use it?

This booklet is provided to ensure that you can fully enjoy your Nissan vehicle. It will explain the warranty on your vehicle, as well as the maintenance required to keep your vehicle at its optimum performance level.

The **WARRANTY SECTION** explains the warranty information, and primarily contains information regarding what is and what is not covered under warranty.

The **MAINTENANCE SECTION** explains the maintenance information which includes the necessity, types of maintenance, and the scheduled maintenance log which should be used to record your vehicle's maintenance history.

Every time a Nissan dealer services your vehicle, they will check your maintenance record and the warranty conditions so that we can provide you with the proper warranty and maintenance services. **Remember that warranty service is provided under the condition that the proper maintenance of your vehicle is carried out according to the prescribed maintenance schedule. (as is mentioned in the WARRANTY SECTION)**

We encourage you to always keep this booklet in your vehicle and to hand it over to the next vehicle owner in the event that you sell your vehicle.

WARRANTY SECTION

Nissan New Vehicle Warranty Information

What Is Covered

Within warranty period, the designation of Nissan "Dah Chong Hong (Motor Service Centre) Ltd." will repair or replace any parts on the vehicle which proves defective in materials or workmanship free of charge, except for those items listed under the section titled "WHAT IS NOT COVERED" or owners may at their own expense proceed to obtain vehicle servicing from third party service providers in accordance with the vehicle handbook guidelines detailed herein.

New Vehicle Warranty

The Warranty period is 36 months or 100,000km. Particular vehicle(s) may enjoy the extended warranty coverage between 37th to 72nd months, please refer to sales documents for details. For the 37th to 72nd months, please refer to below **37th to 72nd months extended warranty covered**, and **extended warranty** is covered by HONEST MOTORS LTD.

* whichever comes first, and base on the provision of sales contract

The New Vehicle Warranty covers all parts and components of each new Nissan vehicle supplied by Nissan except for tires and those items listed under the caption "WHAT IS NOT COVERED".

As for air conditioner system, battery, and GPS (if equipped). The coverage detail is subscribed in caption "THINGS YOU SHOULD KNOW ABOUT THE NISSAN NEW VEHICLE WARRANTY".

37th to 72nd Months Extended Warranty Covered (if applicable)

- (A) **ENGINE** - Engine block and cylinder head(s) (when damaged from within by the failure of a covered internal engine part), and including the following engine parts: crankshaft and main bearings, connecting rod and bearings, timing belt(s) or chain(s), push rods, pistons, rings and pins, oil pump, water pump, radiator, starter motor, alternator and O2 sensor(s).
- (B) **TRANSMISSION (A/T & M/T)** - Transmission case when damaged from within all internal parts such as: torque converter, disc & plate (A/T), flywheel, but not including manual transmission of clutch master cylinder, clutch disc, release bearing and its external linkages.
- (C) **TRANSFER CASE** - Transfer case housing when damaged from within all internal parts.
- (D) **DIFFERENTIAL (Rear Wheel Drive or Four Wheel Drive)** - Differential case (front & rear) when damaged from within all internal parts.

(E) **FUEL INJECTION** - Pressure regulators, fuel injector lines, injection/distribution pump.

(F) **TURBOCHARGER**

What Is Not Covered

- (A) Causes a loss because of the vehicle damage, such as: cannot use, towing, out call service, loss of time, loss of profit, inconvenience, daily life or other loss.
- (B) Normal maintenance parts and services such as diagnosis adjustments, wheel balancing and alignment, engine tune-up, headlight aiming, replacement of light bulbs (except HID & LED lamps), drive belts, clutch disc, brake disc and drum, brakes shoes and pads, filters, wiper blades, dust cover, rubber hose, fluid, lubricant, coolant and refrigerant. (refrigerant recharge not associated with the repair or replacement of a warranted part is not covered after the first 12 months, regardless of the mileage.)
- (C) Any loss resulting from the registered owner's failure to have performed specific servicing as per the Maintenance Schedule recommended by the manufacturer.
- (D) Any loss caused by lack of necessary and proper amounts or contamination of lubricants, oil, fluid or coolant, including damage caused by the failure of water hoses, radiators and their connections, or in the transmission oil cooler lines.
- (E) Items of normal wear & tear, e.g. tire, brake linings, etc.
- (F) Body paint & corrosion (in the 4th to 6th year).
- (G) Vibration & noise generating from normal deterioration of parts.
- (H) Any repair and/or maintenance services and/or adjustment performed by a garage other than Nissan approved service centres, causing any damage to such parts and/or equipment resulting there from.
- (I) Any damage resulting from misuse, improper usage, use beyond the limitations, or due to improper storage or transportation.
- (J) Any loss caused by negligence, theft, accident & disaster such as collision, upset, fire, freezing, acts of God, road hazard and environmental damage, explosion, missiles, breakage of glass, earthquakes, vandalism, riot, civil commotion, windstorm, lighting, malicious mischief, flood, hail, larceny, smoke or unclear contamination.
- (K) Any damage resulting from the use of non-genuine parts, or fluid, lubricant, which are not recommended by the manufacturer.
- (L) If the odometer is altered or tampered within any way, and not repaired immediately if inoperable.
- (M) Any vehicle participated in a racing event, rally or competition, or equipped with modification or sport kit or non-standard wheel and tires.
- (N) Any vehicle used for commercial purpose, such as a hire car, a driving instruction car, or used outside the territories of Hong Kong for continuously long term usage.
- (O) Any mechanical breakdown caused by defect that the manufacturer has announced it would correct and you have failed to have it done.
- (P) Any parts that is not factory installed such as car video, anti-theft alarm system, etc.
- (Q) Any compulsory modification, installation or removal of parts required by Government legislation.
- (R) Any damaged that results from passing of time, such as natural fading of painted surfaces, plated surfaces, sheet peeling, door trims and other surfaces deterioration.

- (S) For any breakdown that is not reported to Nissan Motor Co. Ltd. within 30 days of its occurrence.
- (T) If the information provided by you, or the repair facility to Nissan Motor Co. Ltd., cannot be verified as accurate or is found to be deceptively inaccurate.
- (U) Any parts and labor costs resulting from puncture.
- (V) Any request of vehicle repair to be conducted at the designation of Nissan "Dah Chong Hong (Motor Service Centre) Ltd." without service / repair record at "Dah Chong Hong (Motor Service Centre) Ltd." in the past 12 months, without a vehicle diagnosis and inspection first being conducted, with the inspection fee of \$1600 to be borne by the vehicle owner. The inspection fee will be reimbursed to the vehicle owner, should relevant parts supplied by Nissan prove to be defective in materials or workmanship after the diagnosis and inspection, and vehicle owner selected to have the corresponding repair to be handled by "Dah Chong Hong (Motor Service Centre) Ltd."

For the avoidance of doubt owners may use third party service providers to perform repair and maintenance services in accordance to the maintenance schedule with this Warranty Booklet without such services invalidating the terms of this warranty and without such service leading to the rejection of a warranty claim (subject to the detailed terms of the warranty set out in this Warranty Booklet).

What You Must Do

- (A) Properly use, maintain and care for your vehicle as outlined in your OWNER'S MANUAL and the MAINTENANCE SECTION in this booklet.
- (B) Take the vehicle for maintenance according to the standard maintenance schedule*.
- (C) Check for trim, paint or other appearance defects at the time the new vehicle is delivered and report the same to Honest Motors Ltd. without delay.
- (D) Retain maintenance service records in the event a question should arise concerning the vehicle's maintenance.
- (E) If not maintain with scheduled maintenance may result in reduced vehicle performance or possible breakdowns, as well as exclusion from warranty coverage.
- (F) Please carry this handbook to make renewal service maintenance record when comes to Dah Chong Hong (Motor Service Centre) Ltd. servicing.

*Note: Scheduled maintenance and repair: every 5,000km or 4 months, whichever come first.

What We Will Do

- (A) Warranty repairs will be made at no charge for parts and/or labor (except for batteries, in which case you must pay certain charges as noted in caption "THINGS YOU SHOULD KNOW ABOUT THE NISSAN NEW VEHICLE WARRANTY"). Any needed parts replacement will be made using new or authorized manufactured parts by Nissan approved service centres A reasonable time to complete the repairs must be allowed after the vehicle is delivered to Dah Chong Hong (Motor Service Centre) Ltd.
- (B) Free new vehicle inspection service at 2,000km or 2 months will be performed at no charge, except for fluid, lubricant, oil and oil filter replacement costs.

Tire Information

- (A) Tires originally installed on a new Nissan vehicle are warranted by the tire manufacturer.
- (B) In order to obtain tire warranty service, you must present the unserviceable tire to a local tire agent, unless otherwise directed by Nissan.
- (C) Dah Chong Hong (Motor Service Centre) Ltd. will assist you in requesting an adjustment through the local agent, if necessary.

Things You Should Know About The Nissan New Vehicle Warranty

Air Conditioner Refrigerant

Air conditioner installed in your vehicle as original equipment is covered during the New Vehicle Warranty, 36 months or 100,000km. However refrigerant recharge not associated with the repair or replacement of a warranted part is not covered after the first 12 months, regardless of the mileage.

Adjustment

Adjustments not usually associated with the replacement of parts are covered under the warranty for the first 12 months regardless of mileage driven.

Battery

The coverage period is 36 months or 100,000km, whichever comes first.

Within warranty period, the ratio of cost will be covered by Nissan*

Warranty period	Covered by Nissan of ratio	
	Parts cost	Labor cost
First 12 months	100%	100%
After 12 months but within 24 months	50%	100%
After 24 months but within 36 months	25%	100%

*The price of battery base on Dah Chong Hong (Motor Service Centre) Ltd. selling price, and the remaining charge should be responsible by the owner.

Gps Car Navigation System (If Applicable)

The coverage period is 12 months regardless of the mileage driven.

Pre-Delivery Inspection Service

To help you secure maximum satisfaction from your new vehicle, it has been inspected and conditioned according to Nissan's new car pre-delivery inspection procedure.

Scheduled Maintenance Service

Proper maintenance and care of the vehicle are indispensable for safe driving and reduce unnecessary repair. The scheduled maintenance services stated in Warranty Information and Maintenance Booklet are minimum requirements which should be performed at your initiative.

Additional maintenance service may be required since weather and atmospheric conditions, varying roads, vehicle usage and individual driving habits greatly contribute to the need for such service. Any damage or failures resulting from lack of required maintenance or improper maintenance are not covered by warranty.

After-sales Service

Dah Chong Hong Motor Service Centre is equipped with a state-of-the-art workshop and diagnosis equipment which meets with Nissan factory requirements, and possesses the latest Nissan technical information and updates. Our service team has undergone training in accordance with Nissan guidelines. Engine oil used and maintenance intervals are specifically applied based on the local weather and traffic conditions in accordance with Nissan guidelines, together with stable genuine parts supply, you may rest assured that you shall enjoy the most trustworthy after-sales service.

To unleash the maximum power of your Nissan and to maintain it in its optimal condition, avoid the risk caused by non-compliant maintenance and repair procedures from third-party service providers, it is highly recommended that you bring your vehicle to Dah Chong Hong Motor Service Centre for vehicle first free inspection, scheduled maintenance and warranty services for your peace of mind, allowing you to enjoy every journey in your vehicle.

Design Change

Nissan has the right at any time to make changes to the design or specifications of any Nissan vehicle without notice and without any obligation to make such changes on vehicles that have been sold in the past.

Relocation To A Foreign Country

Your Nissan vehicle is manufactured to meet the regulations and environmental requirements of the country where the vehicle is originally sold. If you relocate to another country, your vehicle may not comply with the regulations and environmental requirements of that country. It may be very difficult to make modifications to comply with the regulations and environmental requirements of the country.

Please note that a Nissan vehicle relocated to another country is not covered by the warranty.

Notes: Honest Motors Ltd. will reserves the final right of all items and amendments without further notice.

For any discrepancy between Chinese & English version on this booklet, please based on English version.

This booklet just introduces the new vehicle of warranty policy regulations. The details of the related warranty policy, please contact with Dah Chong Hong (Motor Service Centre) Ltd.

MAINTENANCE SECTION

INFORMATION

What Is Maintenance?

Necessity Of Maintenance

Your Nissan vehicle has been manufactured using the latest technology and under the strictest quality control standards. It is also designed to minimize maintenance requirements with longer service intervals to save you both time and money.

However, scheduled maintenance is necessary to ensure your Nissan vehicle operates properly and efficiently for the reasons listed below:

Lubricants

Your Nissan vehicle uses various kinds of oils and fluids, including engine oil, transmission fluid, differential fluid, battery fluid, and engine coolant. These oils and fluids play very important roles, such as lubricating and cooling the powertrain components and preventing rust. Periodically they need to be properly refilled or replaced.

Rubber Parts

Hoses, belts and boots use rubber parts, which are apt to crack when worn out. They need to be replaced with new ones if they should wear out.

Normal Deterioration

Vehicles are equipped with many parts for which it is impossible to avoid normal wear and tear. These parts include: tires, brake pads, clutch disks, etc. They are indispensable for basic vehicle functions and must be replaced regularly.

All information and specifications in this maintenance section are based on the latest product information at the time of printing. Nissan reserves the right to change specifications or design at any time without notice.

If your Nissan vehicle is not maintained with the scheduled interval, it may result in reduced vehicle performance or possible breakdowns.

The maintenance schedule is defined based on our careful experimentation on the life span of parts or lubricants that require regular replacement. Therefore, please make sure that your Nissan vehicle receives proper maintenance care by following the instructions in this booklet. At the same time, day-to-day vehicle operation check is necessary to be performed by the customer, or Nissan dealers as mentioned under the "General Maintenance" in the "Maintenance and do-it-yourself" section in the "Owner's Manual".

We appreciate your understanding of the importance of these instructions, and we look forward to servicing your vehicle at Nissan dealers.

Scheduled Maintenance

There are two types of maintenance schedules.

A Sales Person or Service Advisor will explain to you which type of maintenance schedule you should follow depending on your driving habits, climatic conditions in your area, etc. The two schedules and their conditions are described below:

■ Maintenance Schedule For Severe Driving Conditions

If you primarily drive your vehicle under one or more of the conditions listed below, please follow the "Maintenance Under Severe Driving Conditions" schedule.

- A : Driving in dusty conditions
- B : Repeatedly driving short distances
- C : Towing a trailer or caravan
- D : Extensive idling
- E : Driving in extremely adverse weather conditions or in areas where ambient temperatures are either extremely low or extremely high
- F : Driving in high humidity or mountainous areas
- G : Driving in areas using salt or other corrosive materials
- H : Driving on rough and/or muddy roads or in the desert
- I : Driving with frequent use of braking or in mountainous areas
- J : Frequent driving in water

■ Maintenance Schedule For Normal Driving Conditions

If you primarily operate your vehicle under conditions other than those listed above, please follow the "Maintenance Under Normal Driving Conditions" schedule.

Unscheduled Maintenance

Besides the scheduled maintenance items for which there are fixed maintenance intervals, there are other items that should operate satisfactorily without periodic maintenance. However, if a malfunction of these items does occur, it could adversely affect the engine, turbocharger or vehicle's performance. These items should be inspected or adjusted if the symptom of a malfunction is observed or suspected.

■ Intake & Exhaust Valve Clearance Adjustment

- ✓ For gasoline engines expect TB45E, TB45S, SR & VG engines: For three-way-catalyst models, periodic maintenance is not required. However, if valve noise increases, check valve clearance.
- ✓ For YD & ZD diesel engines: If valve noise increases, check valve clearance.
- ✓ For hydraulic lash adjusters (HLA) equipped engines such as SR, VG & NA20P engines, intake & exhaust valve clearance is maintenance free.

■ Diesel Engine Injection Nozzles Inspection

- ✓ Except YD & ZD diesel engines: If engine power decreases, or black exhaust smoke emits, or engine noise increases, check and if necessary adjust the fuel injection nozzle's starting pressure and spray pattern.
- ✓ For YD & ZD engines: If engine power decreases, or black exhaust smoke emits, or engine noise increases, check the injection nozzles and if necessary replace injection nozzle assembly.

Scheduled Maintenance

This Scheduled Maintenance can be used as an easy way to remember what maintenance checks need to be performed on your vehicle and when they need to be performed.

This log can also be used to keep a record of your vehicle's scheduled maintenance history. This record will help Dah Chong Hong (Motor Service Centre) Ltd. keep track of your vehicle's condition and performance even after many years of use. In addition, the scheduled maintenance history will ensure that you get a high resale value for your vehicle.

How To Read And Use The Scheduled Maintenance Log

You can find a list of scheduled maintenance items for every interval.

The kilometers or months at the top of the log are there to remind you that you need to maintain your vehicle either after a designated number of kilometers or months, whichever comes first.

If you are using the normal maintenance schedule, you should follow the items listed in the "Normal" column in the log.

Likewise, if you are using the severe maintenance schedule, you should follow the items listed in the "Severe" column in the log. The specified terms from "A" to "J" in the "Severe" column refer to page M-3 in this MAINTENANCE SECTION.

Each time you have maintained your vehicle, the Service Advisor will record the date, and mileage, as well as sign the log as evidence that the scheduled maintenance has been performed.

In the case that any additional services are required as a result of scheduled maintenance, the Service Advisor will include this recommendation as a service reminder in the invoice, and with the same information recorded in the computer system.

Maintenance Services

Dah Chong Hong (Motor Service Centre) Ltd. are pleased to provide you with high-quality service for your maintenance needs using the following advantages:

- ✓ Factory-trained service team
- ✓ Latest Nissan technical information and updates
- ✓ Advanced equipment and diagnosis equipment
- ✓ Stable genuine parts supply
- ✓ Materials used and maintenance interval were specifically applied based on the local weather and traffic conditions in accordance with Nissan guideline

Nissan technicians are well-trained specialists and are kept up to date with the latest service information through technical bulletins, service tips, and education programs provided by Nissan. They are completely qualified to work on Nissan vehicles.

Nissan genuine parts or authorized fluids are specially designed for Nissan vehicles and the driving conditions particular to the area the vehicle will be driven in. Therefore, the use of improper fluids or parts may result in low performance of the vehicle, and could even possibly result in the occurrence of severe accidents. To ensure that your Nissan vehicle remains in optimal condition, we strongly recommend that you use Nissan genuine parts and approved fluids.

You can be confident that Dah Chong Hong (Motor Service Centre) Ltd. service department will do everything possible to meet the maintenance and repair needs of your vehicle in a way that is both reliable and economical.

[MB: Again DCH may want to consider adding language here to clarify the effect of the Commitment, having particular regard to clause 2.5(b) of the Commitment.]

	Inspect & replenish differential (LSD) fluid	✓	
	Inspect & replenish clutch hydraulic fluid	✓	
	Inspect universal, constant velocity, ball joint clearance & boot condition	✓	
BRAKE SYSTEM	Inspect & adjust clutch pedal free play	✓	
	Inspect brake pads & discs	✓	A,C,G,H,I
	Inspect brake booster operation	✓	
	Clean & adjust brake including parking brake travel	✓	
	Inspect & replenish brake fluid	✓	
STEERING SYSTEM	Inspect brake fluid leaks from wheel brake & master cylinder	✓	A,C,G,H,I
	Inspect & replenish power steering oil	✓	
	Inspect & adjust steering wheel & free play	✓	
	Check electrical assisted steering system	✓	
ELECTRICAL, BODY & MISCELLANEOUS MAINTENANCE			
ELECTRICAL SYSTEM	Inspect battery electrolyte level & specific gravity	✓	
	Inspect all electrical equipment operation	✓	
MISCELLANEOUS	Inspect windshield glass washer & headlamp washer nozzle operation & condition	✓	
	Inspect & replenish windshield washer tanks	✓	
	Inspect wiper operation & condition	✓	
	Inspect condition of all water hoses, hydraulic & fuel pipes	✓	
	Inspect leakage of oil, fuel & water	✓	
	Inspect tyre condition, pressure & rotate tyres (if necessary)	✓	
	Inspect safety belt operation & anchorage	✓	
	Lubricate all hinges (door, hood, trunk)	✓	G
	Inspect all weatherstrips	✓	

Inspect : Inspect and correct, or replace as necessary

NOTE and Severe driving conditions : See page M-32

100,000km / 120 months

		Normal	Severe
ENGINE MAINTENANCE			
ENGINE	Change engine oil (Use recommended oil)	✓	A,B,C,D
	Change engine oil filter (Use genuine filter)	✓	A,B,C,D
	Inspect & adjust ignition timing	✓	
	Inspect & adjust engine idling speed	✓	
	Clean air filter element	✓	
	Clean & adjust spark plugs (Except for Platinum)	✓	
	Replace platinum or iridium spark plugs	✓	
	Check basic engine setting by Nissan Consult diagnostic equipment	✓	
	Inspect & replenish engine coolant	✓	
		✓	
CHASSIS MAINTENANCE			
TRANSMISSION	Inspect & replenish automatic transmission fluid	✓	
	Inspect & replenish Hyper CVT or Xtronic CVT fluid (see NOTE 10, 12)	✓	
	Inspect & replenish manual transmission gear oil	✓	
	Inspect & replenish differential (LSD) fluid	✓	
	Inspect & replenish clutch hydraulic fluid	✓	
	Inspect universal, constant velocity, ball joint clearance & boot condition	✓	
BRAKE SYSTEM	Inspect & adjust clutch pedal free play	✓	
	Inspect brake pads & discs	✓	A,C,G,H,I
	Inspect brake booster operation	✓	
	Clean & adjust brake including parking brake travel	✓	
	Inspect & replenish brake fluid	✓	
	Replace brake fluid		F,I
	Inspect brake fluid leaks from wheel brake & master cylinder	✓	A,C,G,H,I
STEERING SYSTEM	Inspect & replenish power steering oil	✓	
	Inspect & adjust steering wheel & free play	✓	
	Check electrical assisted steering system	✓	
ELECTRICAL, BODY & MISCELLANEOUS MAINTENANCE			
ELECTRICAL SYSTEM	Inspect battery electrolyte level & specific gravity	✓	
	Inspect all electrical equipment operation	✓	
MISCELLANEOUS	Inspect windshield glass washer & headlamp washer nozzle operation & condition	✓	
	Inspect & replenish windshield washer tanks	✓	
	Inspect wiper operation & condition	✓	
	Inspect condition of all water hoses, hydraulic & fuel pipes	✓	
	Inspect leakage of oil, fuel & water	✓	
	Inspect tyre condition, pressure & rotate tyres (if necessary)	✓	
	Inspect safety belt operation & anchorage	✓	
	Lubricate all hinges (door, hood, trunk)	✓	G
	Inspect all weatherstrips	✓	

Inspect : Inspect and correct, or replace as necessary

INOTE and Severe driving conditions : See page M-32

NOTE: Maintenance Items

- (1) Replace the drive belts if found damaged or if the auto belt tensioner reading reaches the maximum limit (If auto belt tensioner is equipped)
- (2) Check mixture ratio only on models bound for areas affected by emission regulations
- (3) For VQ turbocharged engine with Japanese domestic specifications
- (4) Except passenger models with catalyst
- (5) Use Eco filter or equivalent
- (6) Use NISSAN Genuine Engine Coolant, or equivalent in its quality, in order to avoid possible aluminum corrosion within the engine cooling system
- (7) Fuel filters are located in LPG solenoid unit 1 and LPG solenoid unit 2 respectively
- (8) Except for Australia models
- (9) The propeller shaft should be re-greased after being immersed in water
- (10) Use Genuine NISSAN Hyper-CVT fluid (NS-1) or exact equivalent
- (11) U14 models for South Asia
- (12) Use only Genuine Nissan X-tronic CVT fluid (NS-2)
- (13) Refer to owner's manual for more information regarding correct fluids

Severe Driving Conditions

The maintenance intervals shown on the preceding pages are for normal operating conditions.

If the vehicle is mainly operated under severe driving conditions as shown below, more frequent maintenance must be performed on the following items as shown in the table.

- (A) Driving in dusty conditions
- (B) Repeatedly driving short distances

- (C) Towing a trailer or caravan
- (D) Extensive idling
- (E) Driving in extremely adverse weather conditions or in areas where ambient temperatures are either extremely low or extremely high
- (F) Driving in high humidity or mountainous areas
- (G) Driving in areas using salt or other corrosive materials
- (H) Driving on rough and/or muddy roads or in the desert
- (I) Driving with frequent use of braking or in mountainous areas
- (J) Frequent driving in water

Maintenance For Off-Road Driving

Whenever you drive off-road through sand, mud or water as deep as the wheel hub, more frequent maintenance may be required of the following items: (For commercial vehicles)

Whenever you drive off-road through sand, mud or water, more frequent maintenance may be required of the following items: (For passenger vehicles)

- ▲ Brake pads and rotors
- ▲ Brake lining and drums
- ▲ Brake lines and hoses
- ▲ Wheel bearing grease
- ▲ Free-running hub grease
- ▲ Transfer oil and differential oil
- ▲ All-mode 4WD transfer fluid and automatic transmission fluid
- ▲ Steering linkage
- ▲ Propeller shaft and front drive shaft
- ▲ Air cleaner filter
- ▲ Clutch housing (Check water entry)
