

NAVARA

## Live life without limits

It's all about confidence. The feeling that whatever you want to do, wherever you want to go, you can count on the Navara to take you there. So get ready to take it to the next level, and make every day an adventure, with capability that opens up a whole new world for you to explore. The Navara is loaded with the tech you need, so you're ready to shift into available 4x4 and cruise rolling dunes or climb up rocky terrain with unmatched capability. Do it all with big, bold style. The Nissan Navara. Geared to excite. Pure, authentic, and ready for whatever comes next.

## INTELLIGENT AROUND VIEW MONITOR<sup>1</sup>

It's a tight squeeze, but you'll get through without a scratch

The path is so tight, you hold your breath going through. But you know you'll make it, with the Navara's advanced tech on your side. Wheel-scraping boulders? Severe drop-offs? Not to worry. Four cameras give you a 360-degree overhead view of obstacles. Think of it as your own high-tech spotter on board.

**Off-road** - On rough terrain, the Intelligent Around View Monitor<sup>1</sup> becomes your personal spotter. With a designated off-road mode<sup>2</sup>, at slow speeds in 4 LO it gives you a clear view of the surrounding terrain, so you can see exactly where to place your front wheels.

**Trailer Hook-up** Having a 360-degree view<sup>3</sup> comes in especially handy when connecting to a trailer to help you place your Navara perfectly. It is also great when negotiating a tight parking spot.

Display screens from overseas model shown.

# Wherever you go, bring a wingman

Just because you don't see them, doesn't mean they're not there. A car in your blind spot, a pedestrian stepping off the curb. Someone zipping by as you're backing out of a crowded parking lot. But you can relax, because whatever comes your way, you've got a wingman on your side.

**Intelligent Emergency Braking\***  
Help if you need it. It monitors your speed and distance between you and the car ahead and can let you know if you need to slow down. It can also automatically engage the brakes to help avoid a collision or lessen the severity of an impact.

**Intelligent Blind Spot Intervention\***  
Change lanes with confidence. This feature keeps an eye on the blind spot area and gives you a heads-up if it detects a vehicle hiding there. If you begin to change lanes, the system alerts you, and can apply braking to help return your Navara to its original lane.

**Intelligent Lane Intervention\***  
Stay between the lines. When lane markings are clear, Intelligent Lane Intervention can detect if you're straying out of your lane and can tap the brakes to help gently guide you back.

**Rear Cross Traffic Alert\***  
Fear no parking lot. When you're backing out of your space, Rear Cross Traffic Alert watches around the rear of your Navara and can warn you about cars it detects creeping up on you from either side.

**Intelligent Forward Collision Warning\***  
Navara is on the lookout when you can't see what's going on up there. Watching two vehicles ahead, when it detects sudden deceleration in front of you, it gives you a warning to slow down.

**Intelligent Driver Alert\***  
Monitors your driving patterns and steering behaviour to detect changes from normal patterns. If inattention is observed, audible and visual alerts are presented.

\*Not available on SL. \*Driver's aid only, not a substitute for safe driving. Always monitor your surroundings.

#### SEAMLESS CONNECTIVITY

Find the nearest trailhead,  
or the best DJ in town

Whether it's to beat the crowds – or be part of the crowd – advanced tech is your guide. Apple CarPlay® integration and Android Auto™ let you connect the way you want, and you can even customise the 8-inch touch-screen display like your favorite tablet.

\*CarPlay is a registered trademark of Apple Inc. Android Auto is a trademark of Google LLC. Compatible device and USB connection required.

#### REFINED INTERIOR

Find sanctuary wherever you go

Relax in so much comfort and style, you'll never want to leave. Whether it's a road trip with the crew or date night, you've got upscale accommodations with unique interior trim, and available on PRO-4X; red-accented logos and stitching. Make those long drives feel short with a quieter cabin featuring fatigue-reducing all day comfort seats. Tailor your ride just the way you like with Dual Zone Climate Control\* and recontoured rear seats on double cab models with a new rear armrest and integrated cupholders in the back, every seat is the best seat in the house.

PRO-4X interior shown. \*Dual Zone Climate Control only available on ST-X and PRO-4X.
