3D INTELLIGENT AROUND VIEW MONITOR

Gain a clearer perspective of your surroundings with a 360° camera that provides a rotatable 3D vehicle view, helping you spot obstacles from every angle for easier, safer parking.

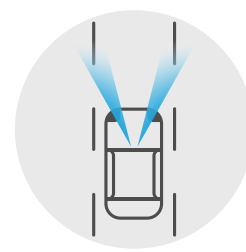

INTELLIGENT EMERGENCY BRAKING

Helps reduce the risk of frontal collision by tracking the distance and speed of vehicles ahead, with alerts and automatic braking to help avoid or lessen impact severity.

e-PEDAL STEP

Allows the driver to accelerate and decelerate using one pedal, with regenerative braking when the accelerator is released.

LANE DEPARTURE WARNING

Sends a visual and audible alert so you can know when your vehicle is moving beyond the lane.

INTELLIGENT REAR VIEW MIRROR

The rear view mirror can be switched to a clear, unobstructed digital view of the rear via an integrated LCD monitor.

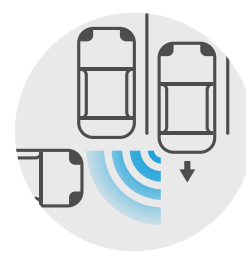

BLIND SPOT WARNING

Helps you keep an eye on blind spot areas. It gives you visual and audible alerts when it detects vehicles hidden from sight, so you have more confidence when changing lanes.

INTELLIGENT FORWARD COLLISION WARNING

Detects and alerts you when sudden deceleration happens in front of you. It also warns you when you need to slow down.

REAR CROSS TRAFFIC ALERT

Provides assistance when reversing out of parking spaces by detecting cross traffic from both sides and alerting the driver.
